About Me

Motivated DevOps Engineer with strong knowledge in cloud infrastructure, CI/CD pipelines, containerization, and automation. Passionate about improving deployment speed, system reliability, and scalable infrastructure management.

Education

Bachelor of Technology in Computer Science

Indian Institute of Technology

2020 – 2024

Higher Secondary Education

Central Public School

2018 – 2020

Skills

- Linux Administration
- Docker
- Kubernetes
- Jenkins
- Git & GitHub
- AWS Cloud
- Terraform
- Bash Scripting
- CI/CD Pipelines
- Monitoring Tools

Experience

DevOps Intern

CloudNova Technologies

2024 – Present

- Automated deployment workflows using Jenkins
- Managed Docker containers for microservices
- Configured CI/CD pipelines for faster releases
- Assisted in AWS EC2 and S3 infrastructure setup

Projects

Kubernetes Monitoring System

- Built monitoring dashboards using Prometheus and Grafana
- Monitored cluster health and resource usage

Automated CI/CD Pipeline

- Created a Jenkins pipeline for automated testing and deployment
- Reduced deployment time using Docker containers

Certifications

- AWS Cloud Practitioner
- Docker Essentials
- Kubernetes Fundamentals

Languages

- English
- Hindi
- Malayalam
